

YEUNGNAM UNIVERSITY MEDICAL CENTER

1.1 Company Introduction

Name of Company	YEUNGNAM UNIVERSITY MEDICAL CENTER
Business Address	170, Hyeonchung-ro, Nam-gu, Daegu, 42415, Republic of Korea

Yeungnam University Medical Center was established in 1983 under the philosophy of practicing humanity as a top priority and has been devoted to local community's health over the past 38 years.

Now we have grown as a beloved central medical institution with more than 1,000 beds by the strong support and trust of the local communities.

Over 2,600 of YUMC staff are always proud of carrying out medical education, treatment, and various research activities for the growth of our medical center. Our warm-hearted medical staff with excellent medical skills dedicate to perform the best medical treatment with state-of-the-art medical facilities and equipment.

We, Yeungnam University Medical Center, constantly endeavor to provide high-quality medical services and become the best medical center in Korea promoting patient satisfaction.

1.2 Field of Services

With more than 25 clinical departments, Yeungnam University Medical Center provides all patients with warm, comfortable medical services from admission to discharge, and keep introducing state-of-the-art medical equipment such as SIEMENS's MAGNETOM Vida and Varian's VitalBEAM®, etc. for our valued patients.

1.3 Representative Project

Yeungnam University Medical Center has been awarded as the No. 1 hospital in southeastern Korea by Newsweek in 2020. YUMC is the only hospital that ranked as one of the Top 5 hospitals for five consecutive years nationwide, and we also ranked 4th in the performance of the number of SCI-level thesis per professor of medical schools in Korea.

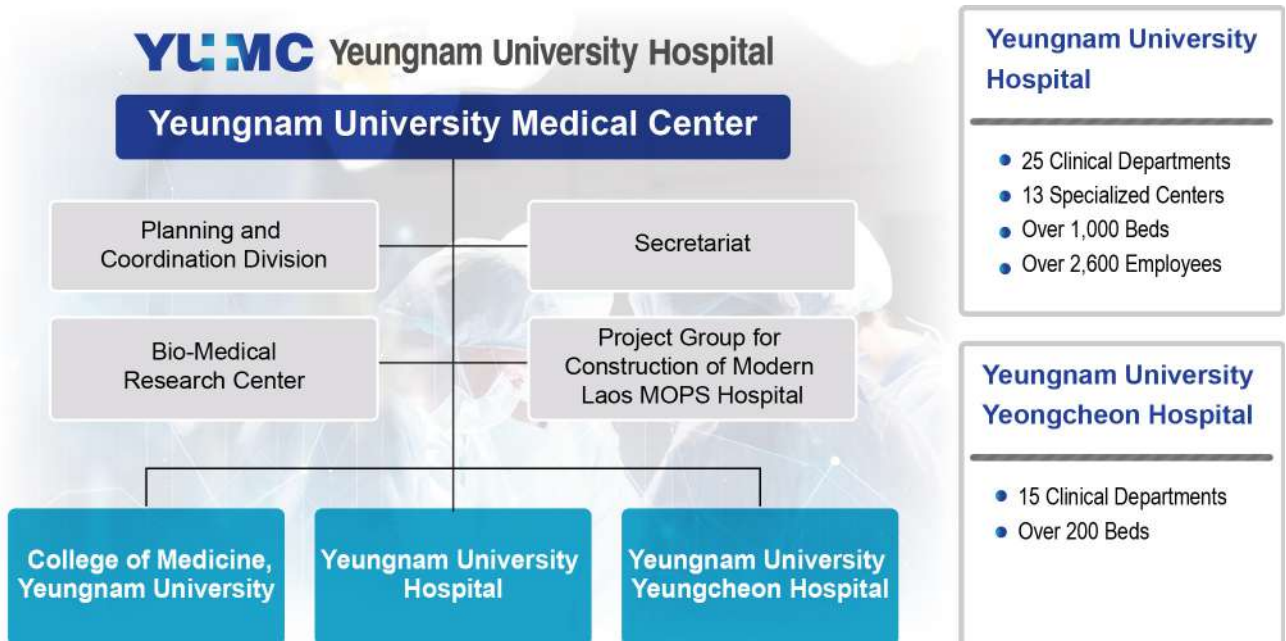

Yeungnam University Medical Center has received worldwide attention as the first hospital that introduced Drive-Through Testing Center as a breakthrough for COVID-19.

Furthermore, we have been maintaining friendly relations with Lao PDR for a long time through 'Consultancy Services for the Construction of Modern Hospital' for the Ministry of Public Security in Lao PDR.
